

## delineation DEM

Posted by irma04 - 2008/06/29 21:07

---

Hi Shea:

Thanks, the first time that I had an application with AGWA1.4b-SWAT to 30 m DEM to large watershed in Mexico, but now I try to run AGWA2 with 0.5 m DEM derived of LIDAR survey data in other country. Only to small catchment with area about

Hi Irma,  
So are you having any problems? If you have a question, I missed it in your post.

Thanks  
Shea
